RUMORS FROM CAPITAL
SEND STOCKS UPWARD

Advices Say That Administration Has
Determined Not to Actually
Pursue Harriman.

FEAR TO IMPEL SITUATION

Retirement of Friend of Railway Com-
bination Revives Discussion of
Supposed Friction Between "Inter-
ests" and Present Control of Alton
—Earnings Satisfactory—

(By Associated Press.)
NEW YORK, June 6.—The transac-
tions which carried prices of stocks
upward in today's market were lim-
ited in amount, and were believed
to be from professional sources al-
most entirely.

Evidently the professionals find
the best inspiration for price move-
ments in rumors from Washington
regarding the intended policy of the
authorities towards corporations.

Today's rise was due in large part
to the positive assertions contained
in Washington advices that a deter-
mination had been reached after
consultation amongst members of the
administration to refrain from an
actual pursuit of the Harriman rail-
road combination because of a fear
that the general situation might be
imperiled by such a course. This
was the same report that emanated
from Washington on Tuesday, with
the effect of putting up prices.

The retirement from the Chicago
& Alton directorate of a friend of the
Harriman interest revives some dis-
cussion of the supposition long held
in the financial district of severe fric-
tion between that interest and the
present control of the Alton. This
discussion, however, did not interfere
with the strength of both the Harri-
man and Rock Island stocks.

Railroad Earnings Satisfactory.
Reports of railroad earnings were
satisfactory as a rule, the heavy ad-
ditions to Southern Pacific's operat-
ing expenses for April having a spe-
cial explanation in congestion of traf-
fic and interruption by storms. The
Great Northern reports an advance
of gross earnings for May of over
28 per cent. An increase of net
earnings for April of all railroads
thus far reporting shows a percent-
age of more than 30 compared with
last year.

The declaration of the regular quar-
terly dividends on Interborough
Metropolitan relieved some fears of
the passing of the dividend and the
New York Utilities moved upwards
despite the final act in the enactment
of the Public Utilities law at Albany.

Further Outgo of Gold.
Further outgo of gold by Satur-
day's steamers was accepted as a
certainty. When the traders came
to an attempt to take profits prices
yielded rather easily as their own
buying had been principally responsi-
ble for sending prices up. The close
was heavy.

Bonds Irregular. Total sales per
value \$954,000. U. S. old 4's regis-
tered advance of 1, and the new 4's
declined 1/4 per cent on call. Total
sales stocks 497,600, including: Cop-

DIDN'T HAVE A QUORUM.

Only Four Councilmen Showed Up for
Last Night's Meeting.

The meeting of the Hampton town
council last night failed to materialize
on account of the lack of a quorum.
Those councilmen who came were
Messrs. M. F. Burke, Edward R.
Schraudt, J. C. Council and T. J. Has-
tings.

A committee, of which Capt. Frank
W. Darling was chairman, from the
Hampton fire department, was pres-
ent to present the claims of the de-
partment for additional hose. The
firemen encountered serious trouble
in the fires recently on account of
lack of hose, as a number of sections
of the old hose went to pieces on
them. The firemen say there is an
urgent need for at least an addition-
al thousand feet of hose and the coun-
cil may take up the proposition at a
special meeting next week.

The condition of the streets will
also be among the matters to be con-
sidered at the coming session of the
council.

SCHOOL CHILDREN WILL
GO TO EXPOSITION

Holiday Given So That the Pupils May
Participate in Tidewater
Day.

In order that the school children
of Elizabeth City county, Hampton
and Phoebus may participate in the
celebration of Tidewater Day at the
Jamestown Exposition today, all pub-
lic schools will be closed for the day.
Examinations which were to have
been held today will take place on
Monday afternoon, while those having
examinations in English will be given
them on Tuesday morning.

The school children of Hampton are
expected to take a special car leaving
the corner of King and Queen streets
at 8:30 o'clock this morning for Old
Point. From Old Point the children
will go to the Pine Beach pier on the
steamer Queen Anne, a half rate
having been secured for the round
trip.

Prof. George W. Guy has requested
the children to assemble at the Y. M.
C. A. restaurant on the Exposition
grounds at 9:30 o'clock so that they
may take part in the parade on the
Lee parade grounds.

It is thought that a number of
Hampton, Phoebus and Old Point peo-
ple will go to the Exposition today
to help make the occasion worthy of
the great Tidewater Virginia section.
In Phoebus the day will be observed
as a general holiday and the crowds
from that town will be large.

FORT Y. M. C. A. EXTENDS
CALL TO E. G. SIMONS

Secretary of Fort Wadsworth Associ-
ation Regarded as Splendid
Man for Virginia Post.

The committee of management of
the army and navy Young Men's
Christian Association at Fort Mon-
roe has extended a call to Mr. E. G.
Simons, of Fort Wadsworth, to suc-
ceed Mr. Clifford Pierce as secretary
of the association. The call was for-
warded to Mr. Simons a few days
ago and it is hoped by the commit-
tee that he will decide to come here.
Mr. Simons has had charge of the
army and navy association at Fort
Wadsworth for several years and is
said to be very popular among the
enlisted men of that post. Mr. George
F. Adams, chairman of the committee
of management of Fort Monroe asso-
ciation, in speaking of the commit-
tee's selection yesterday said:

"While we regret very much to
lose Mr. Pierce we are glad that
he is going to have a larger field of
usefulness, and we are very much
pleased at the prospect of having
as his successor a man like Mr. Sim-
ons. Mr. Simons' experience of a
number of years in the department
of association work will be of great
service to him, and the committee is
of the opinion that he will be a great
force in this field."

Mr. Simons is well known to the
men who have been in the service
any length of time and those who
have come in contact with him speak
of him in the highest terms. He
visited Fort Monroe recently at the
request of the local committee and

looked over the work here. It is
said that he was very favorably im-
pressed with the association at the
fort.

It is understood that Mr. Simons
also has a call from another associa-
tion on the Pacific coast, but it is
believed he will accept the offer to
take up the work at Fort Monroe.
Should Mr. Simons accept the call
he will likely not come to Fort
Monroe until September.

BUSY SESSION OF
PHOEBUS COUNCIL

Committee Reports 232 Connections
Along Mellen and Mallory
Streets.

The manner in which the people of
the town of Phoebus support every
movement looking to the success of
the place, was brought out last night
by a report to the town council from
the committee on sewers. The com-
mittee reported that there have been
232 "lateral" connections with the
sewer main along Mellen and Mal-
lory streets since the council adopt-
ed the resolution asking the prop-
erty owners to make the connection.
The citizens along Curry street
asked that the sewer be extended an-
other square in that street and the
council decided to grant the request,
provided the property owners will
make the connections at once.

Councilman W. P. Clarke offered a
resolution calling upon the mayor to
enforce the license tax ordinance.
Unless the license is taken out at
once all business men will be sum-
moned before the mayor and fined
according to the ordinance.

A license to conduct a saloon in
Phoebus was granted J. W. Gear-
heart.

Messrs. J. J. Lougran, R. O. Clarke
and Mayor Furness were appointed
a committee to select a site for a
drinking fountain to be erected in
the town.

Mr. Thomas J. Daly was given per-
mission to erect in Hope street, just
at the side of his place of business,
a drinking trough for animals.

Mr. S. G. Cumming, attorney for
W. S. P. Shields, addressed a letter
to the council asking that the body
return to Mr. Shields two certified
checks for \$500 and \$1,000 respect-
ively, which Mr. Shields put up as a
guarantee to erect an electric light
and gas plant in the town, but failed
to do so. The matter was left in
the hands of the town attorney, Mr.
W. H. Power.

Perfect
Womanhood

The greatest menace to woman's
permanent happiness in life is the
suffering that comes from some de-
rangement of the feminine organs.
Many thousands of women have
realized this too late to save their
health, barely in time to save their
lives.

To be a successful wife, to retain
the love and admiration of her hus-
band, should be a woman's constant
study.

If a woman finds that her ener-
gies are flagging, that she gets easily
tired, dark shadows appear under
her eyes, she has backache, head-
ache, bearing-down sensations, ner-
vousness, irregularities or the
"blues," she should start at once to
build up her system by a tonic with
specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs.
It cures Female Complaints, such as Dragging Sensations, Weak
Back, Falling and Displacements, Inflammation and Ulceration, and all
Organic Diseases, and is invaluable in the Change of Life. It dissolves
and Expels Tumors at an early stage. Subdues Faintness, Nervous
Prostration, Exhaustion, and strengthens and tones the Stomach. Cures
Headache, General Debility, Indigestion, and invigorates the whole
female system. It is an excellent remedy for derangements of the
Kidneys in either sex.
